

Pico Genie® P55

Ultra Portable HDMI LED Pocket Projector

Great Image Quality & Great Value

Ideal For use with SD Card, USB Stick, iPad / Tablets, Laptops Smartphone's & More...

Key Features

Tiny size (110mm x 99mm x 24mm) with excellent image quality / resolution

Extensive connectivity (HDMI, USB, SD, AV inputs)

Can be used with almost any Smartphone

50 lumens of brightness on battery / mains

User Benefits

The Pico Genie P55 is a tiny LED projector with great image quality at an affordable price. The resolution is 854 x 480.

Superb connectivity makes the Pico Genie P55 perfect to pair with almost any mobile device with HDMI, USB and MicroSD inputs.

Connect to Android, Windows and iPhone (with the right adapter) Connect to Android via MHL cable supplied or to Apple with an AV adapter from Apple

The Pico Genie P55 LED projector was designed for use on battery power (or mains), meaning you consistently get the full 50 lumens of brightness for up to 2.5 hours on its inbuilt rechargeable battery.

The Pico Genie P55 LED Projector is a breakthrough projector in terms of image quality and affordability. It offers extensive connectivity with HDMI, USB, SD, AV and a 2.5 hour inbuilt battery.

The P55 utilises the latest DLP chip technology providing rich colours and high contrast images. It delivers a higher resolution than most entry level pico projectors combined with 50 lumens of brightness, making it great value.

Its perfect for connecting to your other portable electronic devices such as smartphones, tablets computers, laptops and more. It includes HDMI, Micro SD, AV and USB inputs.

You can mirror your Android mobile phone or tablet screens as well as mirror your Apple screen on iPhone 4s (or higher) or iPad 2 (or higher). You can mirror the screen of your laptops using HDMI cables (or HDMI converter for Apple devices).

You can use the projector as a stand alone device and put content onto a USB Stick or SD card so no laptop is required.

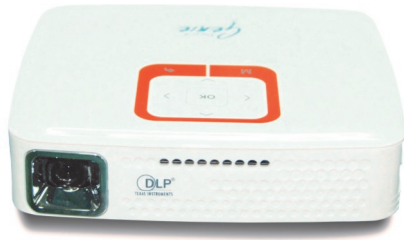

Use it in the office, education environment, at home or on the road to share your life on the big screen.

Released April 2016
